OUR QUALITY POLICIES

As Gabay Dış Ticaret, during our dried fig and dried apricot production we assure to:

- Meet with the primary and secondary regulation specifications, customer specifications, national and international food safety and quality specifications,
- Make a healthy, free from imitation and adulteration, hygienic, safe, ensuring product originality and authenticity, quality and environmentally friendly production by performing continuous improvement and developing,
- Evaluate the risks, destroy the dangers and sustain the specification limits by systematically controlling the producer, the product and the components of the product during production,
- Adopting the culture of food safety, providing the education for the employees and getting them involved in the process, ensuring a life parallel to the legal regulation and our ethical values for our employees,
- Retain the satisfaction of our partners and constantly supporting them in order to maintain sustainability,
- Increase the market share by reaching the quality and food safety objectives with our partners.
